

BUZZ

Had a purr that fit his name, the more he
was petted the louder he buzzed

Didn't get along with other cats

Always had scratches on his face
and ears that took weeks to heal

Did not like to be picked up but...
would jump into laps to be
snuggled and petted

When he'd had enough,
he jumped back down to
take a snooze in one of
his beds

After three years
at the shelter, he
has a new home
